# BATTLE AROUND VERDUN CONTINUES WITH MUCH ADVANTAGE TO EITHER SIDE

Germans, by Launching Huge Effective, Win Back Portion of Corpses Wood—Attacks on Village of Vaux and West of Douaumont, Are Repulsed—Heavy Enemy Bombardment of Towns East and South-east of Verdun—French Make Gains in Artois and Lorraine.

(By Morning Bulletin Lensed Wire)  
PARIS, March 10 (10:35 p.m.)—The German attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed. The German attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

Germans attacked to the west of the village of Douaumont, which was captured by the French. The German attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

# FRENCH SOLDIERS DIE TO GAIN TIME FOR RESERVES TO COME

Heroic Episode in Great Struggle in Progress Around Ports of Verdun—Fighting at Haumont Marks New Height of Human Bravery—Village Baked by Deluge of Shells.

(By Morning Bulletin Lensed Wire)  
PARIS, March 10.—The story of the heroic episode in the great struggle around the ports of Verdun, which has been described by the Associated Press by a participant, reveals the extent of the sacrifice made by the French soldiers in the attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

The French soldiers in the attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

# WRECK BY DEVASTATING FIRE

"Every passage, every ravine, every clearing, and every open road, could serve as a stage for a devastating fire. The effect of the fire was such that, little by little, the German lines were broken up, and the French soldiers in the attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

# GERMANS MAKE ADVANCE

The German attack on the Marne, launched with huge effectiveness, with tanks and heavy artillery, as beyond all previous to the object of the attack, have been repulsed.

# TELLS BEHIND OF PROHIBITION

Acting Premier of Saskatchewan  
Testifies of Advantages  
Accruing to That Province

(By Morning Bulletin Lensed Wire)  
OTTAWA, Mar. 10.—The Acting Premier of Saskatchewan, Mr. J. A. G. Bennett, testified before the committee on the liquor traffic bill, that the province of Saskatchewan was in a position to take advantage of the liquor traffic bill, and that the province of Saskatchewan was in a position to take advantage of the liquor traffic bill.

# BORDEN IGNORES TELEGRAM SENT BY EDMONTON WOMEN

House of Commons this After-  
noon, Hon. F. Oliver read a  
telegram sent by the Women's  
Institute at Edmonton, asking  
him to ascertain if the govern-  
ment had definitely decided  
against women's suffrage. The  
women stated that they had  
sent a telegram to the prime  
minister, but had received no  
answer.

Sir George Foster said that  
he would bring the matter to  
the attention of the prime min-  
ister, and he suggested that in  
the meantime the ladies should  
not lose courage.

## THE POEM

WINTER.

Bare branches writhing black against the earth more dead.  
Wide wastes filled without a spear of green.  
Wherein no moving thing for days is seen.  
And intermittent squalls white and high.  
While blowing winds that kill and while soft  
Dark low-hung clouds that make the earth more dead.  
And sometimes snow, that on the view arrests  
It holds forth lifeless unfeeling life.  
There is no song among the distant hills  
No voices leap and sparkle glad and high.  
There is no blade, no leaf, no fruit, no bloom.  
A heavy hand has writ a heavy  
On all the searching human eye can see.  
But man, alone in trust, is undismayed.

## MEETINGS.

The regular meeting of the Alberta Women's Association will be held on Saturday in Convocation Hall. The business meeting is called promptly for three o'clock. Mrs. C. Edwards of Montreal, will address the members and teachers in the city at a joint address on "Women in Public Service." The will be served promptly at 7:30 p.m.

Mrs. Nellie McElroy has kindly consented to address the Commerce League on "The Gospel of Thrift" on Friday, March 11, in The MacDonald.

## At the Highlands

## South Side Daily Ray

Mrs. Hiddell, who was due home Friday morning from the old country arrives in town this afternoon, having been away for a day or two in Winnipeg.

Mrs. Mair Edwards returned home from Ottawa last week.

## 63rd Concert is A Great Success

Just how much talent looms forth when men of many climes and many kinds are brought together by some strange, unusual circumstance, was strikingly indicated on Thursday night at the 63rd concert at the Empress Theatre.

Li-Cel, McLeod and his officers, who occupied the stage, have been present for their men. Flashes of wit and humor, and the highest order of merit—a mosaic in fact of rare talent—were mirrored in the delightful program.

The change of route of the Central Canadian railway from that originally planned through the Heart valley, to the route now being followed, is a subject of much interest to the public. The change was made by the Canadian Pacific railway company, and the route now being followed is a subject of much interest to the public.

## Farwell Reception By 51st. Battalion

Distinguished Gathering Last Evening Hon. Col. Harwood and Officers Are Hosts

Yards and yards of motor cars lining the approach to the Armory—thousands of soldiers in uniform—this day when a bright particular star of the 51st Battalion, Mr. Martin Harvey drew crowds to the Armory. The gathering was a farwell reception for the 51st Battalion, who were leaving for the front.

The 51st Battalion, who were leaving for the front, were accompanied by their officers and families. The gathering was a farwell reception for the 51st Battalion, who were leaving for the front.

## EMPIRE PLAYERS TO OPEN IN LOCAL PLAYHOUSE ON MONDAY

Manager Summers Gathers Together Company of New York Artists Whose Past Achievements Assure Local Theatre-goers of Some of Best Productions of Broadway, Staged in Such a Way as to Please Most Critical.

Under the distinguished patronage of the Honorable Lieutenant Governor of New York, the Empire theatre will open next Monday night for the extended engagement of the Empire Players, who claim the distinction of being the first company to appear in a playhouse that has adapted the unique design, "Where Ladies Go," whether in wartime or in times of peace, the undertaking is one unprecedented in the history of local theatres. For Edmond has had many stock companies, the past and one or two of them have not yielded any too favorable an impression.

However, Manager Summers has brought to the city from New York a company whose past achievements should assure local theatre-goers who have seen some of the plays that have run a year or more on Broadway, and which never seem to reach Edmond, staged in a manner that will make them say, "We'll come back next week," and keep on saying that until the engagement of the Empire Players comes to a close. As though a talented company to make Edmond players want to visit the Empire next week. Mr. Summers has secured the services of Charles Cadwallader, a scenic artist who cannot be accused of being a mere "dummy" artist. He is the young man who originated and designed the famous Japanese garden at the Strand theatre, New York city, copies of which are to be found in the Wallace theatre, Winnipeg, and the Grand theatre in Chicago. According to managers who are in a position to know where they speak, Mr. Cadwallader is an artist in his design and far from being an imitator of more illustrious painters he is original in his ideas and methods. So the scenic productions at the Empire starting next week should be creditable.

HORACE PORTER, a clever comed- America's greatest short story writer, who comes to the Empire theatre next week as a member of the Empire Players.

He is worthy of the excellent company which has been assembled there and which has spent an entire week rehearsing their first play, "A Woman's Way."

That future Empire patrons may know their favorites more intimately the following is a brief list of the past performances of the players.

Frances Shannon, leading woman, at 15 years of age she played the leading role in "The Champion," the greatest motion picture the world has ever known was made. Played the leading role with Zella Rogers in "The Next Day." Rented two seasons in support of Rogers and May Robson in "The Altruists," under the management of the late Charles Frohm.

Jack Hayden, leading man, seven seasons in dramatic stock, one season in support of Alice, Harry Brown, William H. Crane and May Robson. Her season singing light opera roles in "The Altruists," under the management of the late Charles Frohm.

Horace Porter, comedian. Five seasons in dramatic stock, one season in support of Miss Julie Burke in "Love and Laughter," and one season with Victor Minsky in "My First Girl."

Norman Wendel, character. Played stock in Chicago, Philadelphia, Brooklyn and Boston. He has been associated with such well known stars as Walter Whiteley, Thomas E. Shea, of "The Belle," and "The Girl and Mr. Hyde" fame. His first stage, eastern production of "The Girl and Mr. Hyde."

THE LIFE OF THE

"The Missing Lady," "The City," "Alas Jimmy Valentine," and "The Virgin."

Darel Goodwin, ingenue. Achieved success in "Believe," "Stimulus," "The Little Red," and "The Little Red."

Katherine Sheldon, character woman. Has played many parts in stock companies in Omaha, Kansas City, Portland, Boston and Toronto.

Carrie Lamont, comedienne. Appeared for many seasons in stock and starred at the head of her own company. Has toured Alaska and South America, and recently played an engagement in "The Think That Count" on Broadway.

William Phelps, juvenile man. Played with John Crane's Castle Square Stock company in Boston, and then joined the Wilson production of "The Chick." Appeared in "Young Wandering," "Gloria Anderson" and "Fads and Fancies" in New York, Boston and Toronto.

Edmund Comans, character man. Was a talent in the well known Bell stock company a number of years, and played with distinction in "Alas Jimmy Valentine," "The Little Red," and "The Little Red."

Jack Roach, character. For three years was member of Cohan and Harris companies, and played at the Frisco theatre, New York, and Holbrook, Idaho.

"A Woman's Way." In selecting "A Woman's Way," a comedy which has been presented successfully for three years, the Empire management did so in the belief that the play would appeal to a wider circle of play-goers than any other drama or comedy it has to offer.

The two principal characters are a man and a woman's play that cannot afford to be almost certain to the end of a certain period of time.

Scene From "A Woman's Way," showing at the Empire Theatre All Next Week.

Introducing a dose of noted stage and screen favorites whose work together make them an ideal team. In view of the extraordinary success of the previous season's well staged play, "The Girl and Mr. Hyde," the happy union of these two extraordinary personalities may have been made permanent. They have been made permanent by the company presenting "The Girl and Mr. Hyde," a play that makes enormous demands on the resources of a stock company.

The latest adventures of the two comedienne duo of fun providers, J. Reifer Wainwright and Blanche Kay, make good reading and better photo-play diversion. They too will be on the Monarch program.

On Monday and Tuesday Charlotte Greenwood and Gladys Grant, an eloquent comedienne and a comedienne who is not so easily won, are presented in a Charles Frohm comedy which on the stage made much of a hit as "Charles's Aunt."

This comedy has not at all won in the city. "Jazz," but that one word describes almost two hours of unrelieved fun. Associated with the two stars are Myrtle Stedman, Margaret Stanley, Howard Jackson, Herbert Standing, Lydia Williams Time, and Bud de Grey, who need little or no introduction to Monarch patrons for their seven previous seasons.

For the last three days of the week Blanche Kay and Gladys Grant, which gives her opportunity never to be out of the city. The film is known as "The Ragamuffin," and in it Gladys Grant plays the role of a child of the streets who finds her first love when she last expects him.

Blanche Kay, who has played many parts as a famous player star, but none of recent date has afforded her a better chance to display her versatility than the title part in "The Ragamuffin."

## EVACUATION OF ANZAC COVE WAS WONDERFUL WAR EXPLOIT

**Will Go Down Into History as One of the Greatest Tactical Triumphs**  
Thousands of Men Were Moved From Under the Very Nose of  
the Turk Without Suspicion—Vivid Account of Exploit is Given  
by Naval Commander Who Led the Expedition

Confounding almost all military operations of the war, was the evacuation of Anzac Cove, the beach head of the Gallipoli campaign, which was so bravely fought for by the Australian and New Zealand troops. The entire evacuation campaign has been termed a colossal blunder, and the man who planned it, General Sir William Birdwood, has been severely criticised. The man who was in charge of the evacuation, General Sir John Monash, has been personally visited by the general and declared in withering terms that the evacuation was a colossal blunder, and that it took place, it was done without a commander, and when the surgeons were ordered to amputate the limbs of the wounded, they found them empty.

BY A NAVAL CAPTAIN.

who saw the closing of an heroic chapter in the history of the war may see of some interest to those who have followed the campaign in the Gallipoli Peninsula.

As a Naval Chaplain, I had the privilege of being in a ship which took part in the covering of our troops at the 28th and 29th of August, and from August 20 to the ringing down of the curtain on December 19th, was almost daily being off Anzac as a covering force.

Turkish batteries suddenly began to shell Lala Baha, and Hill 60 very much to our surprise. The effect of the latter position lowered our hopes. As we watched the heavy black smoke of the shells hanging in the still air, we were not at all surprised to hear of all, and were preparing to await an attack. On the other hand, the shelling of Lala Baha raised our hopes. The next day, after about six hours of waiting, we were surprised to find that no attack had been attempted. Meanwhile

three monitors, a cruiser and two destroyers had left Kephale to take up positions off the south end of the Peninsula, and proceeded, during the

After dinner that Sunday evening, we went into the main dining hall, where we were to have a special dinner. We took our first interest in the officers from the ship visiting the trenches, and several times officers of the New Zealand and Australian Divisions came out to the ship to see our duties.

the proposed evacuation of Anzac and Suvla a few days before the operations took place. The thought of the magnitude of the task was overwhelmin-

men. Many thousands of men, a great number of guns, a large quantity of ammunition and stores, the sick and the wounded, the animal trans-

Trench Mortar — A small smooth-bore gun for throwing a large shell a

Unit—An organized military force of a certain size, as a platoon (60), a company (240), a Battalion (1,000)

Weight of Shells.—The following table is only approximate, as the shells were not dried.

eight years in different armies & with different patterns of arms: 3 in., 8 or 14 lbs.; 6 lb., 30 lbs.; 17 lb., 30 lbs.; 4 in., 100 lbs.; 6 in., 250 lbs.; 10 in., 500 lbs.; 11 in., 750 lbs.; 12 in.,

Glacis—The smooth slope outside a line of trenches for fortifications.

## NEW OFFICERS ARE ANNOUNCED

F. J. Slight Appointed General  
Manager Toronto Overland  
Factory

Announcement is made by John N. Wilby, head of the Wilby-Overland Limited of Toronto, of the appointment of F. J. Slight as general manager of the Toronto plant.

Mr. Slight, who is thoroughly familiar with the manufacture of Overland cars, was formerly manager of the Elkhart, Ohio, factory of the Wilby-Overland Company. In the general management of the Canadian business he will be assisted by C. A. East and T. A. Russell, vice-presidents of the Toronto concern. Mr. Russell was formerly head of the Russell Motor Car Company of Canada.

Mr. Slight is not only a manufacturing executive, capable of directing a factory along the most efficient lines, but his long experience in the automobile field has given him an insight into the motor car business which will prove invaluable to the Wilby-Overland Limited.

It is carried out an extensive development plan which is now under way at the Toronto plant. Mr. Slight will have the advantage of the advice and engineering skill of the Wilby-Overland Company. The plan is to manufacture both Overland and Wilby-Knight cars in Toronto on a large scale and as an extension of quantity production the several companies are probably in a better position to render assistance than any other concern in the industry.

Windsor, Ont., March 10.—The Wilby-Overland Limited held on January 19th the following officers were elected: John N. Wilby, president; C. A. East and T. A. Russell, vice-presidents; Walter Stewart, treasurer; F. J. Slight, secretary and general manager.

The directors elected were: John N. Wilby, Harry T. Dunn, Walter Stewart, Harry Slight, F. J. Slight, C. A. East, T. A. Russell, Lloyd Harris, Mr. Scofield.

Big auto concern buys 7 acres. To turn out 20 cars daily for Canadian trade will build immediately.

## NEW FACTORY FOR MAXWELL

\$65,000 to be Spent in Erecting  
Big Plant at Windsor,  
Ontario

WINDSOR, Ont., March 10.—With preliminary four acres of 200,000 square feet, seven acres of ground to be purchased, and a building of approximately 100,000 sq. ft. to be erected in Windsor, Ontario, by the Maxwell Motor Co. of Canada Ltd. This announcement has just been made by Mayor A. W. Jackson, following a meeting of the Windsor council, at which the proposition was finally ratified.

The new factory will supply Maxwell cars for Canada exclusively. Its preliminary capacity will be 20 cars daily and it will add \$2,000 weekly to Windsor's payroll record.

Tax exemptions, apart from school rates, were two concessions granted by the council. Other inducements considered were a natural advantage of Windsor itself for such a plant, it being the logical centre particularly because of its geographical location.

its excellent shipping facilities, and its close proximity to Detroit.

The first building to be erected by the Maxwell Company will be of the same steel variety. It will be 200 feet long, 100 feet wide, and 20 feet high, built of concrete, and equipped with machinery of the most modern type. In its Canadian plant will be employed to work with Canadian materials, so that the Maxwell will be thoroughly a Canadian product.

Through the efforts of Commissioner Chas. J. Baker, Alderman Winger and Walker, and Mayor Jackson, special arranging accommodation has been secured with the Kewee Terminal Railway. This is a well line around Windsor, connecting all manufacturing plants with the main shipping arteries by rail as well as the water route.

President Flanders, of the Maxwell company, when interviewed, was very firm in his belief that a big future is ahead for the Canadian manufacturer.

"The past year in Canada," he said, "has been remarkable for the fact that we have been able to market an automobile in Canada as well as in the United States."

"I am quite confident about the future in Canada," he said, "that we shall be able to produce a car at a price which will be competitive with the best in the world."

"The fact that the industrial growth that is bound to be felt in all lines of manufacturing and various plants for the Maxwell car in Canada are well in keeping with this growth."

A close analysis of President Flanders reveals the fact that his optimism, seldom expressed, have invariably been based upon closely studied deduction. His prophetic accuracy has been considered astounding, while he already brilliant career proves that his words have never been those of a visionary.

Plans for the new Maxwell plant are already in the hands of Windsor contractors, and building operations will be commenced immediately.

### MCCUTCHEONS ARE FOUNDED NOT GETTING

Toronto, March 10.—After 25 hours deliberation the jury found all the McCutcheons not guilty.

## WALKERVILLE MODEL PLANT

Studebaker Factory Built to Meet  
Growing Demand For Popular  
Car

That Canada is fast taking a place of leadership among the world's manufacturers of motor cars, is the observation of J. B. Studebaker, Canadian sales manager of the Studebaker, whose Canadian factory is located in Walkerville, Ont.

There are a number of manufacturers of automobiles that have established or have announced their intention of establishing factories in Canada," says Mr. Studebaker, "and believe that within five years every important holder of motor cars will be operating a factory in this country."

Among manufacturers, the Studebaker Corporation was a pioneer in approaching the advisability of starting a factory in Canada. We have gone into it on a large scale, and the result is that the Studebaker plant in Walkerville is second in none in Canada in size and equipment.

Our Walkerville factory is a big four-story building, with plenty of light all around so as to make work-

WALTER E. FLANDERS  
President of Maxwell Motor Co. of Canada Ltd.

ing conditions ideal. We have agreed no expense in securing the highest type of automobile experts and the best equipment to ensure that the Studebaker plant will maintain the Studebaker ideal of high quality cars at attractively low prices.

"Canada has found itself as a source-

set for quality automobiles at prices that are moderate. This country has been blessed with great natural resources and the energetic eye of men to make the most of these resources. Properly, therefore, has been the result. And with properly equipped men, the ability to buy automobiles, as well as the desire to own them.

"The greatly increased sales of Studebaker cars in Canada has been a reflection on the prosperity of Canada, and at that we have only just made a beginning. Our factory set up at Walkerville is being taxed to capacity in order to supply the demand for our series 17 cars."

### NON-COMBATANTS KILLED BY GERMANY

London, March 10.—The number of non-combatants killed by Great Britain's enemies since the beginning of the war aggregated 2,115, Premier Asquith writes in reply to a request for information by Major Hunter. Forty-nine men, thirty-nine women and thirty-nine children were killed. In coast bombardments, one hundred and twenty-seven men, 12 women and 57 children were killed in air raids. Approximately 2,716 non-combatants lost their lives on board British merchant and fishing vessels between August 4, 1914, and March 9, 1915, but the detailed figures are not available.

**Studebaker**

Representing the supreme effort of the GREAT Studebaker factory at Walkerville, the GREAT resources of the Studebaker Corporation and the long, long years of Studebaker's successful manufacturing experience, these new SERIES 17 Studebakers are the biggest values that Canada has ever seen.

In POWER, the new Studebakers are absolutely without rivals at such prices. No other 7-passenger, 4-cylinder car on the market offers FORTY Horse Power at any such price as \$1225. And no other FIFTY Horse Power SIX is priced as low as \$1450.

Both are SEVEN passenger cars—big, roomy and inviting and not loaded as few cars at any price are loaded. And both exhibit a series of new refinements in finish and mechanical design that have made these new models the sensation of 1916.

See the car before you decide on any. Note—

- DIVIDED and adjustable front seats;
- dash in rear with Stewart Vacuum Feed;
- FULL floating rear axle with complete equipment of Tenen Bearings;
- overhaul, stem, roof, windshield;
- electric crown lighting;
- upholstery of the front straight grain, semi-glazed leather;
- more conveniently arranged instrument panel with indirect illumination;
- Studebaker-Wagner Starting System;

And THEN, decide if any other car on the market offers you more REAL value for the price.

**\$850**

**A Powerful  
Motor**

Roadster \$825  
Model 17, F. O. B. Toronto

Here is the car that all the world has waited for.

Here is the car that all the world is buying—faster than we can produce.

You've got to have a car.

But you don't have to pay a large price. Nor do you have to be satisfied with a small, uncomfortable car which keeps you in a state of mental dissatisfaction and physical discomfort.

The \$850 Overland solves the problem.

Sits five comfortably—no crowding or jamming.

Antilever rear springs—

Soft, deep upholstery built up over long spiral springs—

And four-inch tires.

These features make it ride easier than many of the big high-priced cars.

It has a powerful and snappy engine motor—

Is electrically started and electrically lighted—

Has electric control buttons on steering column—

And all the very latest touches of up-to-date dress and refinement.

It is light and economical, but with good style, beautiful finish and phenomenal riding comfort.

Only \$850.

And that's complete. Everything with it. Nothing extra to buy.

You've got to have a car. Order this Overland.
